Key Notes

- We chose a **bulleted format** for writing the main features of the product. This format helped readers clearly understand the product just by skimming through the presentation.
- The title gives the primary function of the product in an SEO-friendly format, ensuring the primary keyword (night photography) is mentioned in the beginning.
- We also gave an additional **SEO boost with a backlink** but we made sure to add it towards the end of the description in order not to drive traffic elsewhere.
- The three most useful specs were highlighted for brevity.
- We chose a **high-quality**, **close-up view of the product with** a video highlight to ensure people see every angle of the product in a condensed yet informative layout.
- Our listing also highlights the current price of the product, and we keep changing it based on the updates we get about product availability which helps in making the entire presentation recent and up to date.
